TIPS

DESIGN

Wiser

WISER is a diode laser for dentistry essential for treatments in endodontics, periodontics, soft tissue surgery, therapy, biostimulation and whitening. The TOP Tissue Optimized Pulse mode is a biotype specific configuration that modulates laser emission for perfect bloodless cutting on every soft tissue type. Wiser is an indispensable instrument for every modern dental practice!

- bloodless surgery
- less anaesthetics
- faster treatment
- faster healing
- less pain
